Author's words (Kang Kyeong Ok's words)

Actually, when the idea for this series first to came to my mind,
the setting was that two people around the main characters were
supposed to be ghosts or ghost-like beings

Well this & that and things changed a bit it has become the way it is now
Basically the main character is surrounded by doubts

Isn't "doubt" a basic element for horror series

The start was in a hurry and I didn't have enough material to finish the series
But it was refreshing to begin a new series
Still deadline was deadline

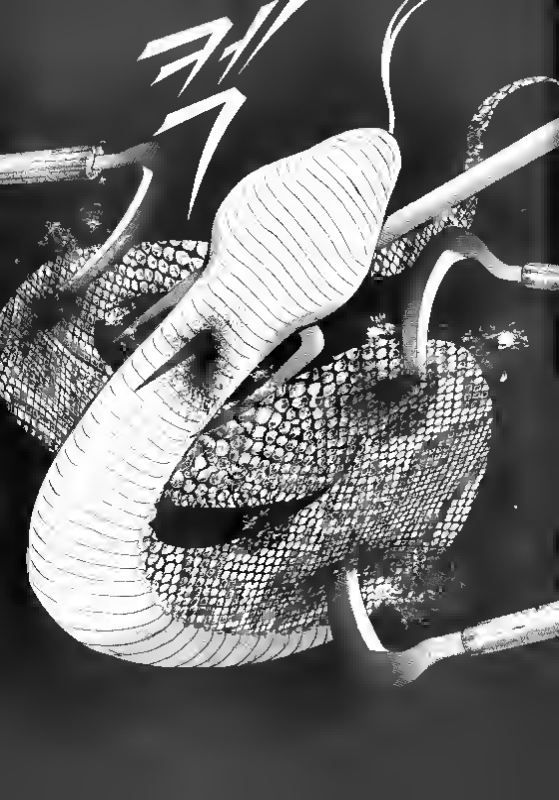
The elder's illness only gets worse.
Your late child is at risk for your young wife being weak.
Lastly, the king's attention hasn't been like before. Those are enough signs for a curse
Isn't that why you've summoned me ?

You ve been pray ng for a hundred days I must say that you ve been rewarded for your devot on
Because I ve had a dream about your concern last n ght
What was it
In the small mounta n beh nd your house there s a boa
t s about to redeem tself and s currently suck ng away aura of th s house
t may be only a boa r ght now But n order to redeem tself t needs a lot of powers under ts d sposal For so t may even completely demol sh aura of your house You must act with haste and capture the boa Cut ts head and dr nk ts blood After do ng so your curse shall be l fted and everyth ng shall be well

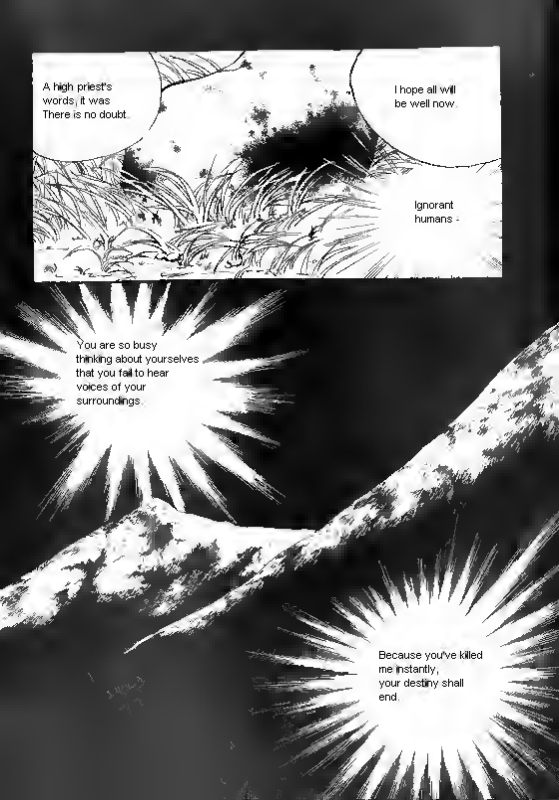


There it is !
Chop its head !
A really big one -
how did it manage
to get here unseen ?
Why - !

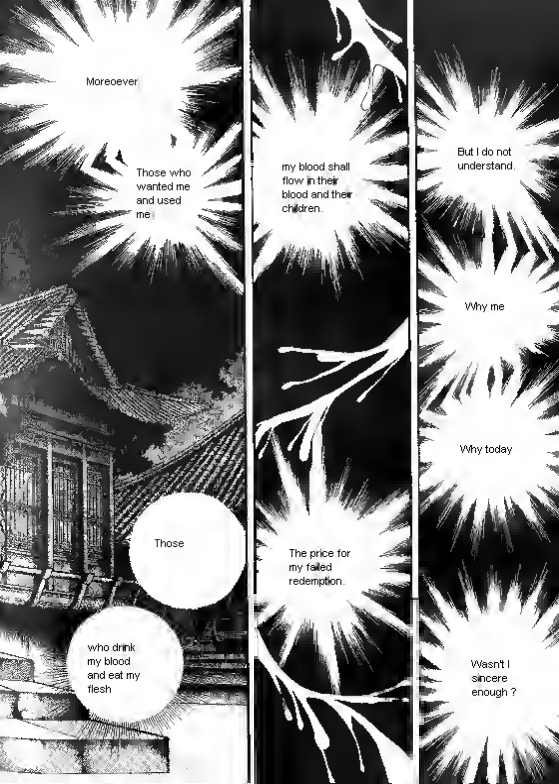
Why me -
hmm ?
Look how huge it is.
Looks like it has lived for a very long time
What s it ?
Do you hear someth ng ?
No why ?
Why today -

I was supposed to redeem tomorrow
Why today.
I have a bad feeling about this.
Maybe we killed a holy creature.
No way, we were told to kill it because it was casting a curse upon the house.
It was to prevent the worst.
Think about it. Having this kind of creature on our back.
The lady of the house has been mysterously sick for 10 years and now she bears a child

www.janimes.com



A high priest's words, it was. There is no doubt.
I hope all will be well now.
Ignorant humans -
You are so busy thinking about yourselves that you fail to hear voices of your surroundings.
Because you've killed me instantly, your destiny shall end.



Moreoever
Those who wanted me and used me
Those
who drink my blood and eat my flesh
my blood shall flow in their blood and their children.
The price for my failed redemption.
But I do not understand.
Why me
Why today
Wasn't I sincere enough ?

Why -
Did you hear ?
Two of the snake hunters died
They bleed from mouth and died, I hear.
The rest who were n the hunt are dy ng slowly
And there are more
The elder who drunk the blood d ed not long ago
The lady gave b rth to her ch ld one month earl er

That's weird.
I thought the lord gained the words after one hundred days of praying.
The high priest left without a word.
Anyway..., did you hear ?
... my cousin works in the house. She told me this.
Right before the elder's death, she said this.
In future ...
Be careful of two people around your children ....

Maybe you did something bad to her unintentionally
Who cares
Maybe Je Seok likes you
You know he's quite popular among girls
Stop Stop!
That's what I thought so too
But he only makes jokes That's all he does
Never asked me out for movie or anything And it's not like he's kind to me

it's summer
and it's dark
Why's it
so dark ?
Jinsil
it's
horror
time
I am
beginning
first
it actually
happened to
one of my friends
who visited Japan
I don't want to sound
biased..but I think
there are a lot of
ghosts in Japan
ya
Be quiet

He once lved n a campus n Japan
He wasn't a healthy guy So studyng n a forelgn country was hard on hm
He was always tlred and as a result he was sensltlve always
One day he saw some ghosts n a hallway
They were one woman and two men They appeared to be Chlnese
But the werd thlng was that even f he knew they were ghosts he d dn't feel panc or threatened
And the ghosts were gnor ng hm and were talkng to each other
He saw the ghosts from tlme to tlme But he s mply passed by
Some tlme passed
He saw the ghosts as well at that n ght
And dec ded to wash h s face

Jamjames
www.jamjames.com

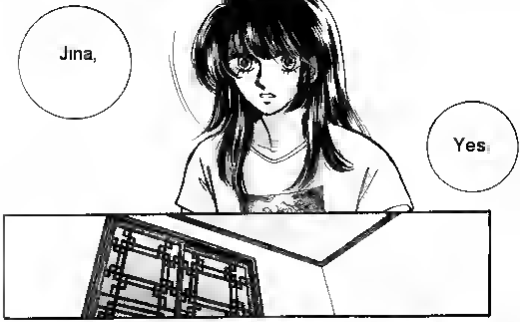
The female ghost that always was talk ng to other ghost was look ng at h m he real zed And ther eyes met
KKyaaaaaaaa -
After that event he tr ed not to see ghosts and he began to see none s nce then
The end of the story

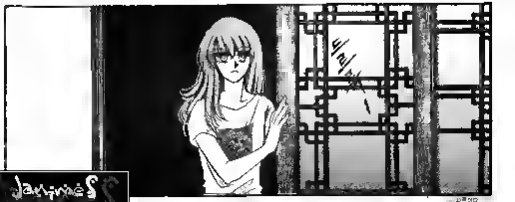
Is that a real story?
Well the guy claims so So, I guess it's
I am going home
Sure, but you have to go alone
Would you please stop with scary stories? I am really uncomfortable with horror stories
I am fine with them But since she's like this
Guys you are too loud Sleep soon We have to make a trip tomorrow
Yes
Yeah let's do other stuff Horror stories won't get us anywhy with that girl
What if that wasn't Jina's mother ?
I am leaving!

Let s clean up
Yeah
Look at the halo of the moon
It s sad that it s a bad sign
Is it going to rain tomorrow
Jina and Ji Uoo, get ready to leave.
Yes.
Yu Jin, you will be in charge of this house.
Yes.
Eh? If he is not leaving, I might as well stay longer.
Fine.

Safe trip ~
I feel like new weds.
Good to see you again
Sure
I heard you are having some problems?
I heard your daughter s

I feel th s every t me there s a fam ly meet ng They seem not to talk about someth ng nt ent onally
Is it just the fam ly atmosphere
And they don't seem to talk about my fam ly at all
J na aren't you Jun or now?
How are your grades?
I don't want to talk about it
S s I heard you are dat ng someone ?
A pr est? Could it be that he s fake ? I heard that he s good But hasn't all the pr est we h red been good ?
If he s a fake nnocent one w ll be the v ct m
Will he really be able to determ ne who w ll be the v ct m ?
Well let s say he does f nd the v ctum What about the two people ?
The pr est wants to see the ch ldren now one by one
What s go ng on father ?
Just go n and answer h s quest ons
it s noth ng Just a fam ly tradit on
I hope so





www.janimes.com

Hello
Yes..so you are Han_Sang Te s frst chld
Hm th s is your brthday
—?
You may leave
Next s your brother
Let h m n

He wants to see Ji Woo now
Go in
Yes
It is done
The priest says everyone is alright
Except Han Sang Tes family
Mr Hans family will remain here as well as the elders in this house
쓸링

What s up with the air ?

I feel like something is murmuring next to us ...

Dinner s ready for you both
They are surely talking for a long t me aren't they
What s really go ng on.. ss ?
I don't know It comes from fam ly root I heard
Yes
I mean come on year 2000 s right in front of us
We did something like this 3 years ago as well.

Exorcism ?
Yes, according to my readings ... the victim will be from Han, Sang Te's children.
To narrow down, his first child.
I've also read that the two people might be from the elder's family. So, to prevent this from getting worse, performing an exorcism will be the only way.
If an exorcism is performed, will everything be well ? No one will die ?
Ahem ~, that I cannot say for certain. It will depend on how much effort you put into the exorcism.
While I cannot guarantee how the exorcism will effect the curse, you can trust my divination at least.

My ancestors have been performing exorcism for generations.
We even had an exorcism 3 years ago.
Huh - do not compare me with those low-priests.
If you don't perform an exorcism performed by me,
More victims will occur.
..... We will contact you.
.....
You better be quick. Something like this should not be hesitated.

Will they do it ?
Probably it s them who needs not me
Besides it s hard to see a family that s still so tied to old tradition
Um was it really true that victims and the two people exist?
What? Are you questioning my ability ?
No I am just curious
Well to be honest I am not completely sure but you do remember Mr Han's first child right ?
Yes she looked cute
She s the victum I heard

Well
I couldn't see who really cursed through her
Well, I couldn't sense all, but it was enough.
I am not sure whether she is really a victim or something else, but she has something. And the Han's family tree is known to have people like that from generations.
And they are quite r ch They shouldn't hesitate to spend money for sake of the r ch ldren
That's good. You hit their jackpot.
It they dec de to do it f ne with me
It was a different sensation from the sensation I had gotten from her birthday paper.
Even f they don't and the ch ld gets harmed it w ll only prove that I was r ght So f ne with me st ll
Hah - to be honest, it has been a long time since I felt something like that.
Ether cho ce w ll work for me
Haha, to prove that I am not a fake priest, it may be better for her to get harmed...

What are we going to do ?
Hmm
I will pay half of whatever it costs
The cost will be extremely high I reckon
By the way is what he said trustworthy?
If it can be prevented I am willing to pay whatever it costs But
I've been seeing priests for a very long time He wasn't completely a fake
The good news is that you have some money
If you say so
Let's set a date
I will pay half of whatever it will cost

I don't know why this keeps happening in our family
But I don't want to experience this again
This is too cruel
Now it is my child who may be effected.
And if this saying was correct so that one of the two people is from your family
We still don't know who the second one is
Who knows
It could be me ...
Do not think the worst.
www.jaminés.com

Exorcism ?
For what?
I didn't know
our family believed
in something like
that.
That's
weird ~
It s for you
That s all you need
to know

You are late
You are back Jna
Se Hui you are still here ?
You d d n't mean that d d you ?
Hey!
What have you been do ng ?
Noth ng watch TV make some noodles talk and such
KKya ~
Is that so
I d d n't know she had an aggress ve s de
Anyway I was about to leave Lloyd oppa you are go ng to take me to a cab r ght?
See you tomorrow Jna
And sorry for stay ng so late
Yes good n ght

See you aga n oppa ~
Sure
Do you not see me ?
TAXI
You must be t red
Hell I am
It looks l ke Se Hu is nto you
I've never seen her act l ke that (and dress l ke that)
Ha Ha Don't br ng her next time please ?
I cannot do that She s my fr end

I will hold two more times
?
Where is Myeong Hyeon ?
I think he went to his room
Hey ?
Is it

It wasn't me
I thought that It was going to be me
Just like my mother has been saying ever since I was a child
She said that I must pay for the sin...
And that I must die to repay
She wasn't herself when she said that
You know that
So, what did the priest say?
It's this family
Although they didn't tell us
It has happened in our parents' generation. So, the next generation... it is either Jina or Ji Uoo
They are going to perform an exorcism.

I am sure that the pr est was a fake
You know what those stone headed adults do
Shouldn't we tell Jina about it ?
Exorcism ?
No If it can be prevented Jina doesn't need to know
Perform ng an exorc sm here s very expens ve
I don't trust h s words
But
And they w ll be bett ng money on someth ng that s not even guaranteed
Bes des ... It has happened to th s famly before It should be other famly
You sa d you d d n't bel eve the curse !
What has gotten nto you now ?

Th nk about it
How can you tell
that ch ld that there
w ll be two people
around her who
w ll try to kill her
And that
we have no
dea who they
are
it m ght be her
own brother
How can we tell
her that
Look what happened
to my s sters
... you are too
loud.
If what the
priest said
wasn't
completely
fake,
If he did see
few things,
and that what he
s go ng to do
w ll effect the
curse n a way
or another it is
worth the money

Well real d v nat on should cost no money
Because you can barely see and feel anything f you want profit n return
TWO NINE TWO FIVE ONE THREE 29 25 13
it s d fferent from seeng th ngs for fun
If one s to cure something like a curse that has been passed down from generat ons the one w ll have to expect a pun shment for cur ng it
That s the whole deal about it
Well those who bel eve that it can be cured that easily are fools
But those who are go ng to profit from it are worse They should deal w th small th ngs not someth ng l ke th s
I don't want to hear about it
It s your area not m ne
Wait
D d you see Do you know?

A little
When I saw her for the firs time, I felt it a little.
Then it s really

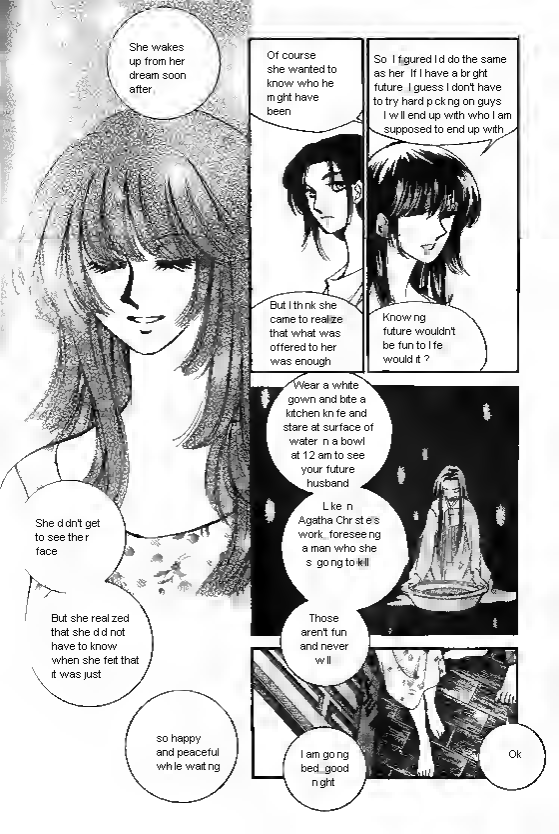
We are going to an amusement park this sunday
Se Hui is going as well
Jina you don't seem to be interested in guys at all
You've never had a boyfriend haven't you?
Well I thought about it
I wondered what kind of guy I will end up with and the like
Hm I don't remember its title but there was this manhwa
where a female character was dreaming about her future
In her dream, the character was fully an adult and was waiting for someone happily at her house
And then there were her husband and her child coming on horizon
But their face were blacked out by shadow from sunset behind them



She wakes up from her dream soon after
Of course she wanted to know who he m ght have been
So I figured I d do the same as her If I have a br ght future I guess I don't have to try hard p ck ng on guys I w ll end up with who I am supposed to end up with
But I th nk she came to realize that what was offered to her was enough
Know ng future wouldn't be fun to l fe would it ?
Wear a white gown and bite a kitchen kn fe and stare at surface of water n a bowl at 12 am to see your future husband
L ke n Agatha Chr st e's work foresee ng a man who she s go ng to k ll
She d d n't get to see the r face
But she real zed that she d d not have to know when she felt that it was just
Those aren't fun and never w ll

She even put on makeup
Yeah I guess she's going to have fun
Well she does look mature enough. She looks nothing like a high school girl
Maybe she has a boyfriend.
Maybe she does I wouldn't be surprised even if she does have one
You know she fools around alot

Well
I know she

But that s not

Good looking,

No

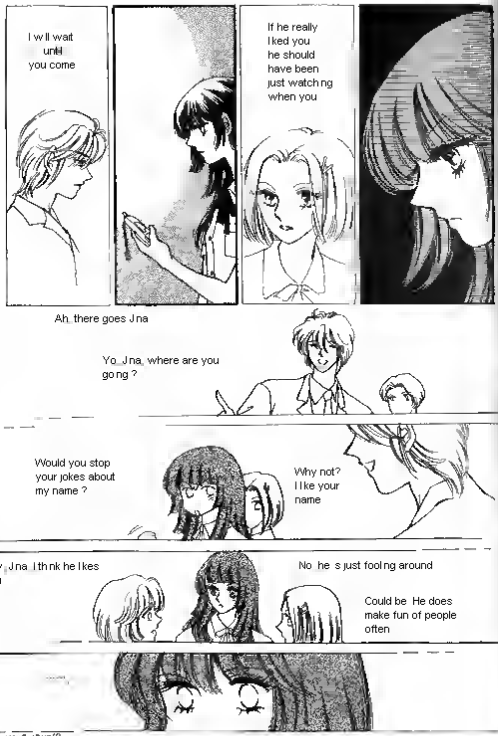
How simple ....
If I can find my right man I am more than willing to get married as soon as I graduate high school
Being a good wife and mother is my goal
Is that so
I didn't know she was determined about her future
She is smart and all I thought she was going to choose career and single life
Don't tell me that she is really going to marry him in future?
Nah its probably just one time thing But who knows what will happen
See you later
Of course that doesn't mean she can't love
it s been one hour and half



I will wait until you come
If he really liked you he should have been just watching when you
Ah, there goes Jina
Yo, Jina, where are you going?
Would you stop your jokes about my name?
Why not? I like your name
Hey, Jina, I think he likes you
No, he is just fooling around
Could be. He does make fun of people often

Honestly, it would be a lie if I hadn't thought about him at all

Ever since the beginning of semester, he looked like he was interested in me and honestly I was flattered in a way

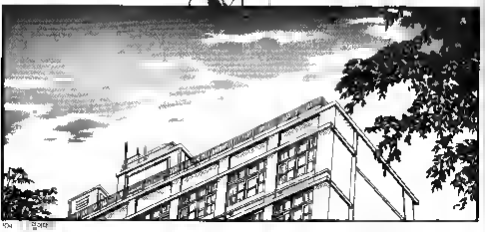
But he only made jokes and nothing more. So I figured that was it then

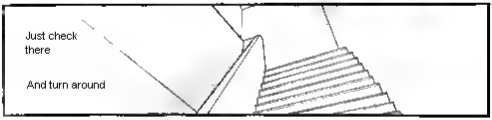
If he really did like you he shouldn't have been just watching when

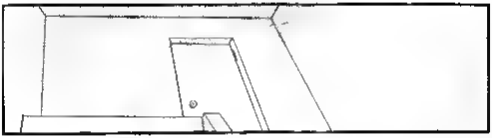
What she said did make sense I was kind of disappointed at the same time though

I will wait

Now it is 3 hours and half



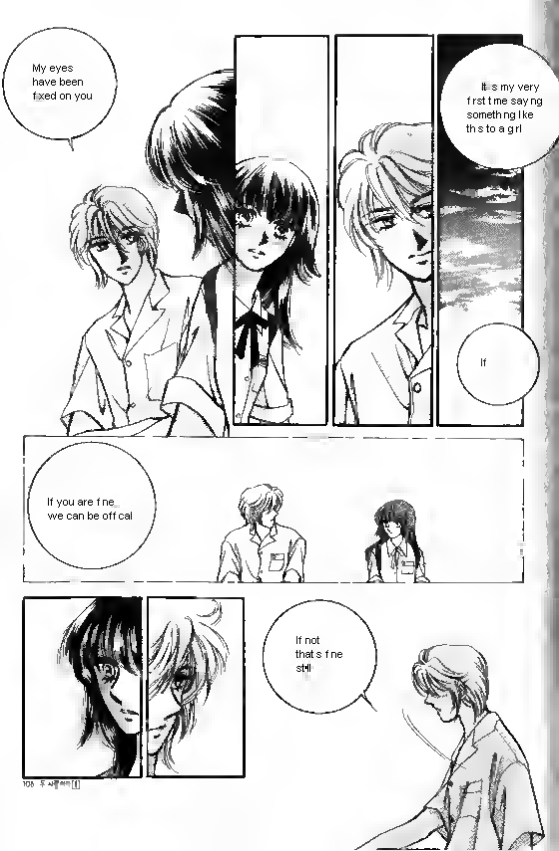




www.janimes.com

I saw you enter the school from here
What was that you wanted to talk about?

I am not going to harm you Come here It s a nice view from here
Well
I do admit that I ve been making jokes and have not been sounding sincere at all
But I think I need to tell you this
From the beginning of the semester no actually from the very moment I saw you
I ve been interested in you I can tell you that for certain



My eyes have been fixed on you
It is my very first time saying something like this to a girl
If
If you are fine we can be officical
If not that's fine still

It does not look like he is lying
But this is too sudden
Do you have someone else ?
Uh no It s not that
Good take your time then
I will try to stop joking from now on
I will stop being cantankerous
Say what ?
Is he trying to be cute here ?
Ah
Ah nice breeze It s getting dark now

Have you watched school horror story"?
Yeah
Hm. have you thought about th s ?
You know that there s a scene where a ghost made her murder of a teacher , or was it a female student?, look lke a suc de

Don't think too hard and just be honest to your feelings
That's the most important thing after all

So I think I will go for it
Well, even so we will be seniors soon So no hard romance probably
Se Hu
If it's your decision I guess that's it then
I just think that he isn't being sincere at all That's all
Yeah... that is what I thought, too, at first
But ...
He sounded pretty sincere when he proposed.

So I am going to trust him
If I do decide to go out with him I am going to trust
I think that is important for any relationship
Eh ~ look at me I talked big
I got nothing you know
I see
Anyway it is your decision
The guys in our class are probably going to make fun of you from time to time Be prepared for that
